

Kleenline™

PERFORMANCE CLEANING SOLUTIONS

* POWDERED CARPET CLEANING EMULSIFIER

A minimal residual powder detergent emulsifier that powers through the dirtiest carpet, while compatible with most all carpet types, including stain-resist.

Super cost-effective.

Combine with Kleenline Preconditioner for greatest cleaning strength.

SPECIFICATIONS:

Dilution: Truck Mount: Mix 1.5 lbs. in 5 gal. of warm water in solution jug. Portables: 2 oz. per 5 gal. of water.

Package: 6lb Jar, 40 lb Pail, 350lb Drum, Refill by the lb.

pH: 10.0 at RTU concentration.

* POWDERED CARPET & UPHOLSTERY CLEANING PRECONDITIONER

A free-rinsing powder prespray that really goes to work on greasy soils with a short dwell time.

Super concentrated, powerful and economical.

Use with Kleenline Detergent Emulsifier for best results on tough situations. Works great on olefin carpet, but still gentle enough for most upholstery fabrics.

SPECIFICATIONS:

Dilution: Sprayer: Mix 2 oz. per gal. of warm water. Hydroforce: 10-12 oz. per 5 qt, meter at 8:1.

Package: 6lb Jar, 40 lb Pail, 350lb Drum, Refill by the lb.

pH: 11.0 at RTU concentration.

CARPET & FABRIC ODOR COUNTERACTANT CONCENTRATE

Actually neutralizers odors, instead of just covering them up. Works on Animal odors such as urine, feces, vomit, and dander. Effective on smoke and general non-descript malodors.

Works as a great all purpose deodorizer too.

Can be used as a cleaning solution additive.

Clean mango-melon fragrance.

SPECIFICATIONS:

Dilution: Air Freshener: Mix 1-2 oz per quart of water. Extractor additive: 2 oz./5 gal. of water in portable or 1 quart per 5 gal of solution concentrate. Direct application: 1 part per 5 parts water.

Package: 1 Gallon, packed 4 gallons per case.

LIQUID HIGH PH CARPET TRAFFIC LANE CLEANER

A high power prespray for really tough, oily situations.

Great for olefins and polyester.

Super detergency, high-alkaline power.

SPECIFICATIONS:

Dilution: Sprayer: Mix 16 oz. per gal. of water. Hydroforce: 4 quarts per 5 qt, meter at 8:1.

Package: 1 Gallon, packed 4 gallons per case.

pH: 12.0 at RTU concentration.
